Million Dollars in Counterfeit Bills Seized

CHICAGO (AP) — Recovery of more than one million dollars in bogus bills and the seizure of 25 members of a nationwide counterfeiting ring were announced today by the U. S. Secret Service.

Paul J. Paterni, head of the Chicago Secret Service office, said the counterfeit notes were recovered in 22 states.

He said that 25 persons have been arrested since November as agents worked quickly to stamp out the counterfeiting network.

Paterni said the operation was finished off Wednesday night with the arrest of two Chicago men he termed the ringleaders.

Paterni said the gang passed about 25,000 of spurious bills successfully, but added, "We have recovered all of the money passed through department stores, and other merchants."

Much of the bogus money was purchased by under cover agents in an effort to stem the flood with out thwarting efforts to round up the counterfeit gang.

Paterni said three agents purchased some \$700,000 in counterfeit bills at a cost of \$9 for \$100 bogus. In the windup of the investigation, \$726,000 in fake currency was seized by raiding agents.

Khrushchev Hints Delay in Berlin Deadline

KEIPZIG, East Germany (AP) — Soviet Premier Nikita Khrushchev said today he is prepared to postpone the May 27 deadline on Berlin provided fruitful East-West negotiations are under way then.

Khrushchev said the May 27 date might be postponed until June 27 "or maybe July 27." We are in no hurry.

He cited an old Russian saying: "Never count your chickens until autumn."

The Soviet Premier made his remarks in an impromptu speech at a luncheon given by the mayor of Leipzig.

\$25 Million Pact Signed by Mr. Como

NEW YORK (AP) — Perry Como has signed a 25-million-dollar television contract with Kraft Foods, said to be the largest individual deal in TV history, his agent said today.

The announcement came in a telegram from Harry Sobel, personal press representative of Como.

Sobel said the amount involved is for 104 weeks, and includes programing, time and all costs of production, including guest stars.

Those participating in the contract signing, Sobel said, were: Robert Kintner, president of the National Broadcasting Co.; J. C. Loftis, president of Kraft Foods; Larry Kanaga, president of General Artists Corp.; Como's booking agency, Jack J. Katz, Como's attorney; and Dan Seymour, vice president of J. Walter Thompson Advertising Agency.

Sobel said all shows, including summer replacements, will be produced by Comos producing firm, Roncom Productions.

Como will continue for his present sponsors until June 8. Roncom will produce the summer replacement for these sponsors and also the summer replacement for Kraft for the Milton Berle show.

Como's premiere for Kraft will be Sept. 30, 1959. The tentative title of the show is "Kraft Music Hall Presents Perry Como."

Overhaul of Press Delays Hope Star

Yesterday's Hope Star reached city and suburban subscribers after dark yesterday because of an unavoidable delay in making the press run.

This is the season when the newspaper press gets its annual overhaul by Frank Kaplan, service expert of the Goss Printing Press Co., Chicago. It is necessary to remove and do some machine work on the press' main drive shaft, and of course yesterday's press run couldn't begin until the big shaft was back in place again — at 8:30 last night. No further delays are anticipated — and we wish to thank our subscribers in Hope, Prescott, Emmet, Fulton and Washington for their patience in yesterday's trouble.

RIOT AFTERMATH — Angry mobs overturned this U. S. Army truck outside the U. S. Information Agency in La Paz, Bolivia, in a riotous protest over a Time Magazine article. Further anti-American demonstrations are expected when students turn out to attend the funeral of a youth killed in the riot. The Time article, quoted an embassy official as saying that the solution to Bolivia's shaky economy would be to "abolish Bolivia and let its neighbors divide the country and its problems among themselves." — NEA Telephoto

Storm Strikes Several Areas Over Nation

By THE ASSOCIATED PRESS

A major storm spread whirling, blowing snow over much of the Midwest today.

The combination of high winds and heavy snow had a staggering impact on the hardest hit areas. Hundreds of schools were closed in Nebraska, where the snowfall ranged up to nine inches.

The snowspread eastward from Nebraska and Kansas to the Great Lakes region.

North winds attained velocities of 30 to 50 m.p.h. in parts of Nebraska and Kansas.

Heavy snow warnings were posted for sections of Kansas, Nebraska, Iowa, northwestern Illinois, southern and central Wisconsin and south eastern Minnesota. The fall generally was expected to be about 6 inches but 4 to 12 inches were indicated in some areas.

Blizzard conditions were forecast on a local basis.

Snow on the ground this morning measured 9 inches in Sioux City Iowa, 10 in Spencer, Iowa and 4 in Burlington, Iowa.

Four inches fell in Rockford, Ill., and Kirksville, Mo. in six hours.

The snow began to fall in Chicago in midmorning.

More than 4 trucks were stalled on Highway 92 just east of Council Bluffs, Iowa.

The snow covered most of Iowa. Blowing snow reduced visibility.

According to the Pastor, Rev. Land, the choir and orchestra will present special music during the revival.

Screen to Be Next Senate Leader

LITTLE ROCK (AP) — Sen. Jerry Screenshot is virtually assured of becoming president pro tempore of the Arkansas Senate in 1961.

Screenshot, serving his second term in the upper house, said yesterday 33 of his 34 Senate colleagues had signed a petition pledging to support him for the office.

Sen. Roy L. Riales of Mona is president pro tempore this session.

Kidnaped Baby Found, Woman Is Arrested

ONTARIO, Calif. (AP) — A kidnapped infant was found safe Wednesday night in the arms of a chunky, 37-year-old woman who admitted taking him from his crib about 6 inches but 4 to 12 inches were indicated in some areas.

Blizzard conditions were forecast on a local basis.

Snow on the ground this morning measured 9 inches in Sioux City Iowa, 10 in Spencer, Iowa and 4 in Burlington, Iowa.

Four inches fell in Rockford, Ill., and Kirksville, Mo. in six hours.

The snow began to fall in Chicago in midmorning.

More than 4 trucks were stalled on Highway 92 just east of Council Bluffs, Iowa.

The baby was reunited with his mother, Ruth Flores, 35, widowed mother of six, at the Ontario police station.

Mrs. Flores and the friendly woman she had allowed to sit with her children faced each other tearfully.

They had first met last Feb. 17 when Mrs. Yocom, calling herself Ann Williams and identifying herself as a social worker from a local church, called on Mrs. Flores to offer any help that might be needed. Mrs. Flores husband, Joseph, was killed in a gas explosion last summer and the community of Ontario has contributed food, clothing and needed services to the family ever since.

Mrs. Yocom, who is 5 feet 2 inches tall and weighs about 180 pounds, offered to take care of the Flores children. She telephoned the next day and repeated the offer. Last Friday she called at the house again and this time Mrs. Flores agreed to go out with a friend for a few hours, leaving Mrs. Yocom with the children, who range in age from 8 to the infant twins.

When Mrs. Flores returned, one of the twins was gone.

In the end it was the baby himself who led to the capture of Mrs. Yocom. His loud wails made a neighbor suspicious. The FBI was notified.

Scout Kite Flying Set for Sunday

The annual Cub Scout kite flying contest will be held Sunday, March 8, weather permitting. The contest will be held at the following Sunday if the weather is bad. All contests are held at the old airport site.

All kites must be homemade and the highest flying kite will be judged at 2:30 p. m. Prizes will be awarded for the three highest flyers: three prettiest, three largest, two smallest and two most odd ones. All kites must fly at least 10 feet. Everyone can go fly a kite after the final judging.

Pioneer Now Certain to Orbit Sun

WASHINGTON (AP) — Pioneer IV spun past the 300,000-mile level today still sending back clear accounts of space mysteries unraveled in its race into orbit around the sun.

The General Electric tracking station in Schenectady, N.Y., received the Pioneer's signal at 10:15 a. m. EST when the moon probe was 305,000 miles from earth. CIE said it expected to lose the signals at about 1:15 p. m.

The tracking station at Goldstone in the Mojave Desert of California picked up the radio voice of the gold-washed comet at 7:37 a. m. EST today from far out past the moon.

At that time the distance from earth, computed from telemetry signals described as strong and clear, was 303,000 miles. In line with advance calculation, speed away from the earth had dropped to 4,250 miles an hour.

The signals showed a temperature of 41 to 42 degrees centigrade —104 degrees Fahrenheit— for the instrument payload of the space traveler. That was higher than the temperatures radioed back by the Army's Pioneer III which went about a third of the way to the moon before it failed and fell back. It was well within the range of comfort for space travelers of the future.

Earlier reports from the American space traveler already had given another favorable indication for man's own ventures outside the earth's atmosphere — a major radiation belt encountered above the two discovered by Explorer satellites.

The 13-pound cone sped past the moon, 37,000 miles to the side, at 5:24 p. m. Wednesday, at a velocity of 4,225 miles an hour.

Before Goldstone picked up the signals this morning the British station at Jodrell Bank had locked on its signals and followed them from 3 a. m. to about 8 a. m.

The multiple tracking provided new opportunity for precise new calculations on speed and distance.

Goldstone expected to lose the signal again about 4:20 p. m. as the Pioneer passes below the horizon.

By that time the cone, now a minor asterisk of the sun, would be another 35,000 miles out.

At 4:20 p. m. today Pioneer IV will have been followed by tracking stations for 64 hours. The Soviets claimed 65 hours for their Mecha space traveler which they say has been in a sun orbit for

Pair in Stocking Masks Rob Bank of Elkins, Ark.

ELKINS, Ark. (AP) — Two young men robbed the Bank of Elkins of an undetermined sum today and escaped after locking three employees and a customer in a vault.

Bank Vice President Oscar West was knocked to the floor when a robber struck him in the mouth with the butt of a pistol. He wasn't injured seriously.

The four captives unlocked the vault from the inside shortly after the robbers fled from the bank. The robbers drove away in the customers automobile.

Bank President J. E. Bunch said the men wore black stocking masks and were armed with pistols as they entered the bank. At the time, Bunch, West and Miss Joyce Eaton, the bookkeeper, were the only persons in the bank.

The robbers forced the employees to hand over money from cash drawers.

When West did not comply fast enough to suit one robber — described as extremely nervous — the intruder struck him with the pistol butt.

The men were unable to get in the bank safe which was in the vault and was protected by a time lock.

While the robbery was under way, customer Arthur Smith entered the bank. One robber took his car keys and went outside to test the vehicle. When he returned, the pair forced the others into the vault.

A telephone in the vault enabled Bunch to summon Sheriff Hollis Spencer at Fayetteville before the four let themselves out.

They found Smith's automobile missing.

The robbers were described as roughly dressed. One had the tips of his fingers taped, apparently to avoid leaving fingerprints.

Bunch said he would not know how much money was taken until after bank examiners make a check.

Elkins is in Washington County about 12 miles east of Fayetteville.

New Bill to Free State's Electors

LITTLE ROCK (AP) — A new bill to free the state's presidential electors from any restriction was half way through the Arkansas Legislature today.

A substitute for a similar bill which now is awaiting the action of Gov. Orval E. Faubus, the new proposal sailed through the House in quick order yesterday.

Rep. L. Wiggins, Trustee of Deeds county said the new bill corrects errors found in earlier one. It removes a requirement that the states' presidential electors vote for any certain presidential candidate, including the candidate under whose names they run for positions as electors.

Only feeble opposition was heard after the House limited fees to two minutes of debate. The bill now goes to the Senate.

The House also saw the sudden withdrawal of two bills designed to oust R. W. (Bob) Lester from his post as Little Rock Traffic Judge. The bills had been introduced Tuesday afternoon by the Pulaski county delegation and called for the judge's post to be abolished and then recreated. The new judge would have been appointed by Faubus.

Following a caucus yesterday afternoon, the Pulaski delegation told the House:

"We feel the motive behind introduction of the bill was sound. But we feel it would be setting a dangerous precedent."

Judge Lester has been the center of a controversy raging around operations of pinball machines in Little Rock and the Little Rock School Board, of which he is a member.

Shortly before the Pulaski delegation withdrew the bills, Lester revealed that he has purchased radio television time starting tomorrow. "to name names, dates and places" concerning vice and crime in Little Rock.

The Senate, incidentally, filed by three votes to pass a bill to outlaw pinball machines in Arkansas. The vote was 15-9, with 15 Continued on Page Six

Officials Fear Others May Have Perished in Fire

LITTLE ROCK, Ark. (AP) — Fire roared through a locked dormitory at the State Training School for Delinquent Negro Boys at nearby Wrightsville early today.

At least 21 youths died, and five officials said they feared others might have perished.

The blaze broke out before dawn and destroyed the brick and frame structure which housed 68 inmates.

Survivors escaped by kicking out windows which were covered with heavy-gauge, double screens designed to prevent escapes.

About 12 bodies were found piled up in one spot. Apparently they died trying to get out.

The 21 bodies which were recovered were burned beyond recognition.

Gov. Orval E. Faubus who went to the scene as soon as he heard the fire said the door should not have been barred and there should have been an adult in the building.

Faubus said an investigation would be made.

Origin of the blaze, that destroyed the dormitory within an hour could not be determined immediately. Faubus said he had been told there was an electrical storm at the time.

The dazed survivors ranging in age from 14 to 17 wandered about as firemen, sheriffs officers and prisoners from a nearby penal farm tried to "quench the smoldering ruins of the dormitory."

Fire Capt. Bill Denton said he saw eight bodies in a pile and nine other bodies had been taken from the charred remains of the 20-year-old building.

A vocational teacher who normally slept in the building was in the hospital at the time the fire broke out.

George Williamson, 16, a survivor, said: "I heard screaming and hollering. There was smoke all over. I couldn't see anything. I found a window and got out. Faubus appeared grim as he surveyed the glowing rubble."

"I inspected this school a year ago and found it safe," the governor said. "It is the first time anything like this has happened at such an institution in Arkansas."

First reports said 21 boys were missing but the figure was revised after a roll call was taken.

Klipsch Asso. Equipment Demonstrated

Mr. and Mrs. Don Davis returned home Sunday and Mr. and Mrs. Paul W. Klipsch on Monday from the west coast, where they attended the Los Angeles Audio Show, February 18-22, in the Biltmore Hotel. There, Klipsch and Asso. equipment was among that demonstrated. It included the stereophonic equipment shown at the Brussels World's Fair.

The Klipsch three channel stereo received wide-spread recognition for the first time from dealers in the United States. In fact, William Sasner, a pioneer in the stereophonic industry, thought the Klipsch equipment was the best housed of any demonstrated. It was recommended that Klipsch and Asso. have an exhibition of equipment at the Moscow Trade Fair this year.

On his way home Mr. Klipsch addressed the Institute of Radio Engineers in Albuquerque, N. M., and received a standing ovation from the 200 members of the I.R.E. after his demonstration of his stereophonic equipment.

Paragraph 13: Distribution in towns receiving 25 or more copies in detail by counties, as well as the total only for towns receiving less than 25 copies daily.

Evening, December 9, 1958

The listing below gives gross distribution for one day only and is greater or less than the net paid average for the period covered by this report by the following percentages:

City Zone	0.20%	greater
Retail Trading Zone	2.00%	greater
All Other	25.23%	greater
GRAND TOTAL	1.69%	greater

The "adjusted figures" of county totals appearing below have been arrived at by decreasing (or increasing) the listed county total figures by the appertaining percentages as above set forth. These adjusted county totals will, therefore, approximate the net paid average for the period covered by this report.

"Balance in County" is comprised of the distribution in towns receiving less than 25 copies which is not identified with the towns, townships or minor civil divisions listed.

AUDIT BUREAU OF CIRCULATIONS

End of Audit Report.

WHAT IS ABC?

The Audit Bureau of Circulations, Chicago, by its own definition is: "A co-operative association of advertisers, advertising agencies and publishers for the verification of circulation of newspaper and periodical members in the United States and Canada."

It is controlled by those who buy advertising (manufacturing, merchandising and service companies, and their agencies) rather than those who sell advertising (newspapers and magazines).

COST OF ADVERTISING

Pick up an invoice for newspaper advertising and you will find that you are billed for so many column-inches at so much per inch. That's how it is billed — **but that isn't how it is sold.**

The price of an inch of advertising is meaningless unless you know what the paper's circulation is. When you know that you know the cost.

The cost of advertising is the cost per inch per thousand circulation. That's the great yardstick by which advertising is bought and sold from coast to coast. The national advertisers call it "the milline" — the cost per line (1/14th of an inch) per million circulation.

Now you know why ABC audits are important. They verify circulation — the factor which is combined with the publisher's charge per inch to establish the advertising cost yardstick.

IT'S CHEAP TODAY

Hope Star's local advertising costs about the same today as in 1929. The rate-per-inch is higher, it is true — but circulation also has increased. Here is the comparison:

	1929	1959
Local "open" rate per inch per thousand	20c	25.8c

And that's a performance we feel deserves a page advertisement all its own.

News Briefs

DETROIT (AP) — Traffic violation ticket-writing by Detroit police was back at a normal rate today.

The slowdown strike of officers rebelling against integration ap-

peared to have run its full course after four days of the protest.

Police heads reported little if anything left of the slowdown. At one time it brought severe reprimands and a threat of a crack-down on disobedient bluecoats.

Some scout car officers slowed down their tickling of motorist traffic offenders in protesting a police department plan to have a Negro and white officer as the crew in some scout cars.

MONTGOMERY, Ala. (AP) — A disgruntled heir cooled off in jail today after damaging three houses which his grandmother willed to other members of the family.

Police Capt. Lewis Miller said Nayer Kason of Montgomery was being held for a hearing in City Court Friday on charges of disorderly conduct and destruction of property.

About 50 smashed windows, kicked-out screens, two broken beds and shredded curtains lay in the wake of the rampage Wednesday after Kason learned he had inherited only \$500, Miller said.

JACKSONVILLE, Fla. (AP) — Police found out that one of 30 prisoners being taken to the city prison farm had a hidden talent.

He picked the lock on the padded wagon Wednesday and 10 prisoners hopped out before guards

corrected the situation. Three were recaptured.

INGLEWOOD, Calif. (AP) — It has been five days since Discoverer I was blasted skyward from Vandenberg Air Force Base but the whereabouts of the 19-foot missile is still a mystery.

Radio signals were received for nine minutes after the Discoverer was launched, then only a smattering of unverified reports.

HOLLYWOOD (AP) — An argument between actress Lanna Turner and Director Otto Preminger has given Lee Remick her first starring role.

She comes here this week from New York to replace Miss Turner in the film version of "Anatomy of a Murder."

Preminger and Miss Turner argued over costumes. She said she withdrew because of an outburst of temper by the director.

Castro's Men to Train in England

HUDDESFIELD, England (AP) — announced today it has arranged to train soldiers of Fidel Castro's revolutionary Cuban army in the use of agriculture machinery.

Later the soldiers will go to the provinces to train Cuban farmers on the equipment.

Delight, Cherry Valley, Scranton Win 1st Round

LITTLE ROCK (AP) — Pratt, Scranton, Cherry Valley and Delight won first round games yesterday in the class B senior boys state basketball tournament, completing the bracket for today's quarterfinals.

Quarterfinal play begins at 2 p. m. with Lincoln meeting Swift. Hickory Ridge plays Marmaduke. Pratt faces Scranton and Cherry Valley goes against Delight.

Favored Plumerville took a 55-41 beating from Scranton in yesterday's action and Cherry Valley had to go into overtime to oust Dues. 59-55.

Delight defeated Watson 60-41 and Pratt edged Mt. Pleasant 59-55.

Hickory Ridge, Marmaduke, Lincoln and Swift have clinched quarterfinal berths with victories Tuesday.

Semifinals are set for tomorrow and finals are played Saturday night.

Defending Champ Ousted in Class A

TRUMANN, Ark. (AP) — Defending champion Sheridan was ousted by one point in the first round of the Class A Senior Boys State Basketball Tournament yesterday. The champ fell to White Hall 55-54.

Entering the quarterfinals with White Hall were Reclor, Moxie and Mulberry.

Quarterfinal play begins today with Harrisburg and Marshall meeting at 2 p. m. Ouachita meets Reclor and Moxie faces Mulberry in other quarterfinal action.

In other games yesterday, Reclor defeated De Queen 51-38, Moxie downed Huntsville 44-33, and Mulberry defeated Marquette 59-54.

Harrisburg, Harrison, Ouachita and Seavey already had secured quarterfinal berths with victories Tuesday.

Semifinals are set for tomorrow night and finals will be played Saturday night.

Pettit Goes After a New Pro Record

By THE ASSOCIATED PRESS

Bob Pettit goes after his greatest single season conquest of the National Basketball Association record book tonight in Philadelphia.

When the St. Louis Hawks' star faces the Philadelphia Warriors in the second game of a doubleheader, he will need only 18 points to break George Yardley's record of 2,001 points in a single season.

Yardley, playing with Detroit, set his record last year.

Pettit scored 32 Wednesday night as the Hawks were dumped 126-96 by the Detroit Pistons in their warming up for tonight's job.

The former Louisiana State All American set two NBA records. His 10 field goals gives him 680, one more than Clyde Lovellette's 1951-52 total at Cincinnati. He had scored 823 foul throws this year, setting 15 against Minneapolis to top Yardley's mark of 803.

Detroit opened a 40-point lead in the third quarter to hand the Western division leaders their worst defeat of the year. Rookie Shellie McMillon paced Detroit with 23 points.

The Boston Celtics take a stab at the record book tonight against Syracuse. Their 120-114 victory over them 51 for the year, tying the record set in 1951 by Syracuse, Minneapolis and Rochester.

New York clinched second place in the Eastern division, defeating Philadelphia, 118-115, and Jack Twyman scored 46 points as Cincinnati knocked off Minneapolis. Twyman scored 46 points as Cincinnati knocked off Minneapolis, 128-122.

Newcombe Pulled Muscle, Says Trainer

By JOE REICHLER

Associated Press Sports Writer

TAMPA, Fla. (AP) — Memo to Buzzie Bavasi, general manager of the Los Angeles Dodgers.

Don Newcombe had a wireless record with the Dodgers last year not because he was lazy and wasn't trying. He actually suffered from a pulled back muscle, just as he claimed.

Wayne Anderson, trainer of the Cincinnati Reds, the club to which the big pitcher was traded, attests to that.

"There's no question about it, Anderson vouched. 'The long, dorsal chored which extends across the shoulders, was affected. I recognized the symptoms the first time I examined him. I just busted it down with therapy and massages and heat treatments did the rest.'

Newcombe, baseball's outstanding pitcher only three years ago, was only a shadow of his former self in 1955. After losing all seven decisions, he was traded by the Dodgers to the Reds 45 minutes before the June 15 deadline. It took over a month to get over the shock.

"I told them I had a torn muscle," said Newk. "But I don't think they believed me."

Newcombe won his first start for the Reds, 6-1 against St. Louis. He finished with a 7-6 Cincinnati record.

"I enjoyed pitching for the Reds," he said. "My arm is fine now and I expect to have a big year under Mayo Smith."

Valdes' Hopes for Title Turn to Nightmare

By WHITNEY MARTIN

MIAMI BEACH, Fla. (AP) — The heavyweight champion's dreams and claims of Nino Valdes and his slightly articulate manager, Bobby Gleason, are in the nightmare class today.

The massive Cuban was thoroughly beaten and eventually knocked out by the Miami Beach Auditorium Wednesday night by a 4-1 underdog, Charley Powell of San Diego, Calif.

Gleason had claimed Valdes was the real champion. He belittled Floyd Patterson's title.

The end of the bloody, bruising mauling affair came at 2:03 of the eighth round when referee Cy Gottfried stopped the contest as the exhausted Valdes, seemingly flabby at 224 pounds, sat on his haunches. Powell weighed 213½.

Valdes had gone down twice before in the ring, once following a left and a right to the jaw and a right to the back, and once when the ex-pro football player dropped him over the middle strand of the ring ropes.

Gottfried said those were the only two knockdowns of the round and that Valdes went down the third time on a stumble. The referee ruled he was too exhausted to continue.

Valdes made violent protest in the ring, and later in his dressing room was semi-hysterical. He thought Gottfried had stopped the fight because he was down three times. There is no Florida rule that says a fight must be stopped when a man has been down three times.

It was a confident Valdes who answered the first bell, and he went through the first round almost casually. In the second round, however, Powell staggered him with a left hook, splitting his lip. From that point on the heavy Cuban was fighting for

College Teams Fighting for Tourney Bids

By DON WEISS

Associated Press Sports Writer

The Connecticut Yankees are in the NCAA basketball tournament and, late today the Confederate Yankees begin their bid to try to join them.

Connecticut nailed its 10th straight Yankee Conference title and an NCAA berth Wednesday night with an 87-63 romp over Rhode Island. That put the Yankees in a first-round tripleheader at New York's Madison Square Garden next Tuesday among a select Frank McGuire's Northern-bred North Carolina Tar Heels hope to join by winning the Atlantic Coast Conference tournament beginning today in Raleigh, N. C.

North Carolina, the NCAA champ two years ago with an unbeaten team, tied for the regular ACC lead with North Carolina State. By the flip of a coin, State is top-seeded in the eight-team tournament at Raleigh with North Carolina No. 2.

Should they meet in the finals, North Carolina is assured of the NCAA championship since N.C. State is on probation. But the way the ACC functions, no one is ready to start counting crowns before they are polished.

First round games matched Duke with Wake Forest, North Carolina with Clemson, N.C. State with South Carolina, and Maryland with Virginia. Saturday night at the latest, the ACC will know the team that goes against larger nominee Navy in the wind-up of the New York NCAA tripleheader.

Connecticut will face an at-large team still to be named by the Eastern NCAA section committee in the opener of the tripleheader.

West Virginia's Southern Conference champs will play the Ivy League champion in the middle game. Their foe could have been decided Wednesday night but wasn't when Dartmouth and Princeton ended their regular seasons tied for first place with 13-1 records.

Dartmouth, a 74-63 winner over Brown, will meet Princeton, a 61-60 winner over Penn, in a chis-down playoff at neutral New Haven, Conn. Saturday night. The leaders split their two regular season Ivy games — each winning at home.

Tournament teams Marquette, St. Joseph's (Pa.) and Fordham added victories in other games on a schedule concentrated in the East. Marquette, an at-large choice for the NCAA, made it 22-3 with a revenge 62-69 victory over DePaul, another NCAA at-large choice. In their first meeting, DePaul snapped Marquette's 15-game winning streak.

St. Joseph's, winner of the Middle-Atlantic conferences NCAA berth, rolled to its 11th straight 21-3 record, 65-63 over Lehigh.

NIT-bound Fordham (17-6) downed Queens (NY) 38-11, Syracuse a darkhorse contender for the one remaining NCAA at-large nomination — won its sixth straight 67-65 over Niagara.

Winds of 20 to 30 m.p.h. blow the fresh snow into huge drifts in many areas and created hazardous driving conditions.

South of the snow belt rain and some hail pelted wide areas. Some hail pelted Kansas most of the day. A strong Texas-Louisiana and Mississippi. Violent storms were indicated in some southern sections. Rainfall measured from one to two inches.

Damaging thunderstorms struck the Dallas-Fort Worth area Wednesday night. Wind gusts up to 66 m.p.h. smashed dozens of plate glass windows in Fort Worth. Ten airplanes were damaged when a hangar at a private air field was blown down.

Temperatures were near zero in the extreme northern Great Lakes region. But they rose rapidly to the 20s in the southern Great Lakes and westward across the Dakotas and Nebraska into the Rockies. In the higher elevations of the Rockies readings were below zero. It was -12 at Fraser, Colo.

Temperatures east of the cold air were mostly in the 40s and 50s except for the 30s in the northern sections of the Ohio Valley and the north Atlantic coast states.

Powell was ahead on the cards of all three officials when the end came. The nationally televised bout drew 2,622 fans who paid \$5.00.

Dirt Dobbers Take Little Loop Title

Hope Auto's Dirt Dobbers out-scraped a very good Owen's Hot Rod team Tuesday afternoon at the local loop 33 to 16 to capture the 59 Little League Basketball Championship.

Going into the final game of league play, the Hot Rods and the Dirt Dobbers were all tied up for first place with one loss each, with Tuesday's win giving the Hope Auto team a one game edge in the standings. The Hot Rods were the team to beat in early season play, with a perfect state going into the final two games of the season. Then Kelly Walton's strong finishing Bo-Diddies handed them their first loss, followed by Tuesday's loss, to drop them into second place.

Before Tuesday's encounter, the Hot Rods had previously beaten the Dirt Dobbers 17 to 14 before the final game evened up the score.

In the second game the Bo-Diddies climaxed a fine late season performance to drop Copeland's Cool Cats 34 to 29 for a third place showing.

Approximately 50 fifth, sixth and seventh grade boys took part in this year's program with much credit being due these players for the enthusiasm shown in playing this season's schedule.

Trophies will be awarded to the first and second place teams.

votes needed for passage.

Sen. Roy W. Milum of Harrison, the author, said "It's gotten to the point where pinball machines are taking the place of slot machines." He said the bill would be called up for reconsideration later.

The Senate also received a new proposal to grant further tax exemptions to new or expanding industries within the state. Sen. R. H. Williams of Russellville proposed the resolution which calls for a constitutional amendment empowering counties, cities and school districts to approve tax exemptions for up to five years for industries.

The House approved, 67-9, a bill by Rep. B. B. Murphy of Ashley county requiring the labeling by race of all human blood to be used in giving transfusions. And it passed, without dissent, a Senate bill setting up a uniform code for the regulation of securities agencies.

But the representatives said "Up to a proposal that soft drinks be taxed to help pay for a new \$90,000 electric coffee machine for the House. The voting machine bill, as introduced, had proposed a tax hike on wine and beer to raise the money.

Rep. W. A. Thompson of Polk county said he was certain residents of "dry counties in Arkansas would want to help pay for the machine, and introduced the soft drinks tax. The House didn't agree.

Dozens Are Jailed in Colombia Riots

BOGOTA, Colombia (AP) — Dozens of student rioters were reported in jail today and authorities claimed to have restored order after thousands of rioting youths battled police in anti-government demonstrations.

The Cabinet went into emergency session after Tuesday's riots. Rampaging mobs overturned cars and smashed windows throughout the capital until police scattered them with tear gas, clubs and water hoses. Riots were subdued. Storms were forced to close.

WORTHLESS FIND

Columbia, S. C. (AP) — Two plumbers thought they had made a lucky discovery when they uncovered a rusty tin box containing about \$4,000 in 1844 Confederate money.

But 14-year-old Peck Jackson burst the bubble when he told them he put the bills in a fishing tackle box and buried it in 1953.

"I just buried it to be burying something," said Peck. The money was worthless.

Latest Talks Leave Things Bretty Dim

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Take everything British Prime Minister Harold Macmillan said and everything Soviet Premier Nikita Khrushchev said, put them in a blender, mix thoroughly, and what have you got? A pretty dim, an enthusiastic view of things.

After days of talking together in Moscow, Macmillan and Khrushchev publicly agreed they hadn't agreed on much. Macmillan said the Berlin situation was "dangerous" and "implications" which must be settled by negotiation "and not by force."

Macmillan had Macmillan, returned home to London than reports from there said he is convinced that the times he ahead in Europe, he began preparing for urgent meetings in Washington, Paris and Bonn.

Meanwhile, the Soviets cut an other caper Tuesday, just as ominous as everything else they have pulled recently. Once again they switched from sweet talk of peace to the threat of world war. In the Western powers should use force to maintain their status in West Berlin.

Khrushchev had created a bad situation for the West by making a series of threats as long ago as last November.

He had demanded that the three big Western allies get their troops out of Berlin by May 27 and threatened to let the East German Communists block any supplies the Big Three tried to send their Berlin garrison after that.

Macmillan was greeted cordially when he first met with Khrushchev.

But while Macmillan was still in the U.S.S.R. Khrushchev hit him in the back of the head by publicly ridiculing the idea of a foreign ministers meeting and announcing that only a summit meeting could solve anything.

Macmillan withstood this affront, talked some more with Khrushchev. On Monday, the day before the Briton left Moscow, the Soviets said they'd agree to the ministers get together but still thought a summit meeting was the answer. This may have seemed a little concession by the Soviets, a little step back.

But Tuesday, right after Macmillan got home, the Soviets released a note they had sent their satellites. This was another bang on the head for Macmillan.

The note to the satellites said the Soviet Union intended to make good its intentions of letting the East Germans have the say on whether the Western Allies could send supplies to their troops in Berlin.

It repeated a previous Soviet warning that if the West tried to batter its way through an East German blockade there would be war. Then it made mincemeat of the very idea it had agreed to on Monday: a foreign ministers meeting.

The note to the satellites denounced such a meeting — even before the West had a chance to consider the Soviet agreement — and said only a summit meeting could lower tensions.

This is hash. Now the Soviets are sitting back, waiting to see the Western allies try to out it.

Once-Rich Fighter Held in Burglary

NEW YORK (AP) — Johnny Saxton, who earned a quarter of a million dollars as world welterweight champion, has been arrested in a burglary which netted \$5,200 in cash.

Spotted Wednesday night on a fire escape of a Jamaica, Queens, apartment house, the onetime Negro ring ace was captured by police, but not before he put up a battle.

He was charged with burglary and held for a hearing.

Saxton, 32, lost his title in 1956. He told police all the money he made in his 10-year professional career was gone, and that he owes \$18,000 in back taxes.

"I'm not working. I needed money. I'm spending most of my time up in Harlem training young fighters," he said.

Police said Saxton tossed a small valise into a clump of bushes. It was \$5,200, a fur cape, and a pack of cigarettes. The cape and bag were identified by Aglaide Farrell, 55, a sixth-floor tenant.

Mitchell Calls for Laws to Curb Labor

WASHINGTON (AP)—Secretary of Labor James P. Mitchell urged Congress today to enact labor control legislation that is "neither too heavily-handed nor too hesitant."

Mitchell, opening two days of scheduled testimony before a House Labor subcommittee, said in a prepared statement: "Legislation can try to do too much and cause new problems. It can dodge existing problems and leave the public unprotected."

He said the Eisenhower administration's labor law proposals fill the bill.

Mitchell was the major witness in the fight over labor legislation for under way in the House.

"The main concern of the administration in developing this program," Mitchell said, "has been the protection of the individual rights of the working men and women and in the interest of the public in a manner which will aid, and not hinder, the furtherance of the growth of legitimate trade unionism."

The subcommittee also is considering a House version of the Senate bill drafted by Sen. John F. Kennedy (D-Mass.) and a far-reaching labor control bill by Chairman Graham Barden (D-N.C.) of the Labor Committee.

Barden's proposals, Mitchell argued in effect, go too far; Kennedy's not far enough.

Mitchell particularly criticized the Kennedy measure for what he termed its "failure to deal with the matters of blackmail picketing and the loopholes in the secondary boycott provisions."

Blackmail picketing is the term used to describe picketing designed to coerce an employer to recognize a certain union or his employees to join it against their will.

A secondary boycott occurs when a union involved in a labor dispute applies pressure to a third party in an effort to win concessions from the employer being struck.

Okays Bill Labeling All Human Blood

LITTLE ROCK (AP)—The Arkansas House today approved a bill to require labeling by race of all human blood intended for use in transfusions.

Without debate, the measure by Ashley Rep. N. B. Murphy passed 67-9.

Murphy said that prior to 1951 the American Red Cross labeled all blood not only by race but also by name of the donor.

Then the NAACP went to American Red Cross headquarters in New York and claimed this was discriminatory, Murphy said. "This bill just puts things back like they were before 1951."

Murphy said passage of the bill would not destroy the Red Cross blood program in Arkansas. However, the Red Cross abandoned its blood program in Louisiana after a similar bill was passed.

British Contact Pioneer Twice

JODRELL BANK, England (AP)—British scientists tracking Pioneer IV reported that the U.S. rocket at 7:38 a. m. — 2:30 a. m. EST — was something more than 150,000 miles up.

Prof. Bernard Lovell, in charge of Britain's giant radio telescope, said the spare probe was traveling at about 7,000 miles an hour. He said Pioneer was "bang on orbit."

Gravediggers on Strike in New York

NEW YORK (AP)—A thousand gravediggers and other workers in nine cemeteries were called out on strike today.

The cemeteries — nonsectarian and Jewish — are in the New York City boroughs of Brooklyn and Queens, and in suburban Westchester County.

The striking union also was awaiting answers to its proposals in negotiations covering nine cemeteries.

stories under jurisdiction of the New York archdiocese and Brooklyn diocese of the Roman Catholic Church.

The union charged the cemetery owners and operators had refused to accept our good faith offer to arbitrate all issues.

There was no immediate comment by any of the cemetery representatives.

Pay for gravediggers in the nine struck cemeteries has been \$81.50 a week. The union said it had offered to accept \$86 a week during the first year of a proposed two-year contract and \$88 during the second year. The union said the best offer by the cemeteries was \$85.50 and \$87.50.

The striking group is the Cemetery Workers and Green attendants Union of the Building Service Employees International Union.

Man Has One Talent That Gives Him Distinction — He Has Art of Making Himself Miserable

By HAL BOYCE

NEW YORK (AP)—Curbstone comments of a Pavement Poet:

Man has one talent that separates him from the other animals — the art of making himself miserable.

He is the only animal that will turn his back on joy and make himself deliberately unhappy.

He is the only animal that in spite of his own troubles, manufactures unnecessary woes and makes an industry out of feeling sorry for himself.

He is the only animal for whom too much is never enough.

Man survives the earthquake and the tornado, then lets himself be gnawed to death by mental gnats.

Times divides man less than he

feels himself away.

One of the things he yearns for most — prosperity — is the thing he seems least able to stand. It robs his endurance and milders his every effort. There is considerable truth to the saying, "There is nothing yellower than a million dollars."

Certainly prosperity, more than conscience, makes cowards of us all today. No nation in history has known a greater, deeper, more widespread prosperity than the American nation has now.

But prosperity has made us petulant rather than content, uneasy rather than confident. Instead of confirming us in our strength, it has tended to make us more fearful of another's power. We doubt ourselves in ways we shouldn't.

We seem, sometimes, less sure of ourselves than when times were harder.

The curse of prosperity isn't that we can't take it with us when we go. It is that prosperity doesn't seem to make us happy here while we have it.

As a people we feel a bit betrayed and cheated because of an amazing discovery. Money isn't everything. We have a 100's said aloud, we know this, but in our hearts we secretly tell that if we just had enough money we would have just about everything we needed.

We can pull a handle and see an icebox full of more food than we can eat. We can push a button and change the indoor climate from cold to warm. We can turn

a knob and hear the world's finest (and worst) music and watch the world's highest paid entertainers.

But it is not enough. Something is missing. What do we miss? What is the meaning we have lost? How can we regain it? We set out to build a paradise and instead fashioned a prison, bar by bar.

How can we get out? Perhaps it would help if we all went out, one by one, into a hillside orchard, sat for a whole day under an apple tree in bloom and thought the problem of life all through again.

British explorer John Speke discovered Lake Victoria in the heart of British East Africa.

Highway Will Take Bids on Bridge Jobs

LITTLE ROCK (AP) — The Arkansas Highway Commission today opened bids on five bridge and two road jobs.

Apparent low bidder on the largest job — more than 17 miles of surfacing on Highway 79 from Stuttgart northeast — was Ben M. Hogan Co., Little Rock, with a proposal of \$345,712.

Jobs by counties, with apparent low bidders and amount of bids, follow:

Ashley and Chicot — 0.385 miles of surfacing and two bridges on the Jerome-McMillan Corner Road Highway 144, Little Rock, Lake Village, \$54,837.

Johnson — Short Approaches and Bridges at Skrapdra Creek and Greenbriar Creek in Clarksville and remodeling of existing bridge at Greenbriar Creek east of Clarksville, E. B. Barber Construction Co., Inc., Fort Smith, \$21,886.20.

Madison — Bridge and approaches at Kings River on Highway 21, approximately three miles south of its junction with Highway 68, Forsgreen Bros. Fort Smith \$89,133.

Lawrence — Bridge and approaches at Strawberry River on Highway 115 approximately four miles south of Smithville, Mo. and McQuaden's Corners, \$14,200.

Mississippi — Rehabilitation of bridge over Drainage ditch No. 40 on Highway 14 approximately eight miles east of Lepanto, D. and W. Bridge Co., Inc., North Little Rock, \$60,876.

Randolph — Bridges and approaches at Eleven Point River on Highway 88 near Walton, F. B. Barber Construction Co., Fort Smith, \$290,881.

Arkansas — Prairie and Monroe — 17.405 miles of surfacing on Highway 79 between Stuttgart and the White River Bridge at Claremont, Ben M. Hogan Co., Little Rock, \$345,712.

Gold was discovered in Montana in 1881.

British Hail Macmillan's New Leader

LONDON (AP) — Prime Minister Harold Macmillan was hailed in Britain today as the new leader of the Western alliance.

British observers said his visit to Moscow had made him the West's key figure in the future critical dealings with the Soviet Union on the issues of Germany and West Berlin.

Macmillan on his return today said Britain should "try to give a lead to find a way through."

The London Times commented: "With the American head of state, a declining leader, the French chancellor an old, untimely man and the French president fully preoccupied with other problems, the responsibility falling on the British prime minister to lead the alliance sensibly and yet strongly in the weeks ahead is paramount."

The Liberal News Chronicle said: "Only Mr. Macmillan arrived back in London from the Soviet Union and straightforwardly assumed the leadership of the West."

The Daily Telegraph said Macmillan was in a "better position than any other Western statesman to assess the Soviet attitude."

"The skill and good sense which he has shown in Moscow will place Macmillan in an enviable position of authority with which to fashion a united policy among the Western Allies," the Telegraph commented.

Macmillan appeared to have gained tremendous prestige as a result of his reconnaissance mission. Even opposition Laborite newspapers gave him a glowing slap on the back.

The Daily Herald, organ of the Labor party, said the prime minister "has done a good job in Moscow within the limits of the present Western policy."

The Daily Mirror, another fairly consistent critic of Macmillan, headlined its report from Moscow by correspondent Malcolm Muggeridge: "Macmillan — the man who broke the ice jam."

Cones Fired Down at 17,000 mph

ALBUQUERQUE, N.M. (AP) — The Air Force announced here today that it has fired nuclear-designed nose cones down into the atmosphere at speeds of more than 17,000 m.p.h.

Spokesmen at the Kirtland Air Force Base said the speeds had been obtained with the use of rockets and firing the cones from B-57 bombers of the 4025th Test Group. Nuclear warheads and nose cones are designed at Kirtland, the spokesman said.

Newspaper Retraction Measure Rejected

LITTLE ROCK (AP) — A House committee today tacked a "do not pass" recommendation on a bill to require newspapers to give "equal space for retraction to anyone who claims he is misquoted in the publication."

The recommendation came from Crawford-Rop. Milton Willis Committee on Public Printing. The vote was unanimous.

Monroe Rep. George Slagg, author of the bill, said he did not plan to call it for a floor vote immediately.

British Actors Follow the British Dramas

By CHARLES MERCER

NEW YORK (AP) — Somebody asked why so many British actors and actresses are appearing on television. The answer is that so many British dramas are appearing on television.

The present TV drama season, with the exception of "Playhouse 90" offerings, almost makes us seem to be still a cultural colony of the dear old Empire.

Look at the playbill: "Berkelov Square," "What Every Woman Knows," "The Winslow Boy," "Ten Little Indians," "Hamlet," etc., etc. "Du Pont Show of the Month" has presented only one contemporary American play, "Harvey," with the exception of its well-done "The Lonely Heart," which was as British in its values and feeling as Buckingham Palace.

A typical example of a well-made, sturdy British play is "The Winslow Boy," which made some solid dramatic statements on matters of faith and loyalty and justice. Fredric March said he was happy to appear in its TV version for just those reasons and because — unlike so many teleplays — it had a third act.

But, those characteristics are not the hallmarks only of British

Theater Turned Into Bowling Alley

LONDON (AP) — Lord Rank's shuttered movie theaters will be turned into Britain's first American-style bowling alleys.

The movie magnates organization announced it has signed a deal with New York businessmen Stewart and Herbert Schottel to introduce the game into Britain.

Equally fine craftsmanship and dramatic statements were to be found in such an excellent original teleplay as J. P. Millers "The Years of Wine and Roses" on "Playhouse 90."

A basic difference between British and American drama is that ours tends to be more controversial.

In dramatic terms, how can you tell a good story if you don't have a good controversy? In television terms, how can you have a good contemporary controversy if you have a sponsor?

"Playhouse 90" has managed it frequently, but others shy away from it.

And that is why we're seeing so much British drama on the home screen.

When the controversy is removed to another country, and generally another time, no one is offended. Britain, one of our dominant influences from the old world in language, culture and customs, offers Americans easily identifiable types of characters and situations.

Death Ends Famed Comedy Routine

By JAMES BACON
AP Motion Picture Writer

HOLLYWOOD (AP) — Death called the final cue for chubby comedian Lou Costello while, by coincidence, Bud Abbott watched a TV movie if the team's famed "Whos on First?" routine.

"Tell me, why was I watching that picture at that particular time? I never watch it. After all,

I've seen it a thousand times." Abbott, who has seen little of his old sidekick since their split up in 1957, died Tuesday as he told how he received the news of Costello's death at 53.

A heart attack — his second within a week — took Costello's life only minutes after he had sent his wife home from the hospital with a wisecrack to cock dinner for the couples' youngest child.

He turned to a nurse and said he wanted to be rolled over on his side.

"I think I'll be more comfortable, were his final words."

Thus ended the comedy career of a modern day Pagliacci who

filled with illness and tragedy. In the decade from 1943 to 1953, Costello suffered six serious illnesses — four of them rheumatic fever attacks — and the tragic drowning of his only son, Infant Lou Costello Jr., wandered into the family swimming pool in 1943.

Costello, who was born in Paterson, N. J., was a burlesque comic when he teamed up with Abbott in 1930. Abbott was drafted from the cashiers office when Costello's straight man failed to show up. The team clicked from the start.

Once they hit their stride in Hollywood, they turned out a string of box office hits that put them among the top 10 money-

Attorney Defeats Baltimore Machine

BALTIMORE (AP) — J. Harold Grady, a young states attorney in his first election fight, weakened one of the last old-time political machines Tuesday night by defeating Mayor Thomas D'Alesand-

makers in the movies for most of the decade from 1941 to 1951.

Their films, including "Buck Privates," "In the Navy," "Mexican Hayride," "Abbott and Costello Meet Frankenstein," and "Hold That Ghost," helped keep Universal International Studio afloat during one movie depres-

sion in Baltimore's Democratic primary.

The 42-year-old prosecutor carried his running mates for comptroller and City Council president with him to victory as he turned back D'Alesandro's bid for nomination to a fourth straight term.

Grady candidates also were nominated to 7 of 20 City Council seats. Only one seat was held by an anti-D'Alesandro man on the present all-Democratic council.

Complete returns from 872 polling places gave Grady 103,338 votes, D'Alesandro 70,341. Three other candidates totaled 6,520.

In the May 5 general election, Grady will oppose Theodore R. McKeldin, the city mayor from 1943-47 and the only Republican
